## PROVINCIAL SECRETARY.

## PART IV.,

"WATER CLAUSES CONSOLIDATION ACT,  
1897."

WHEREAS "The British American Dredging Company, Limited," a company incorporated under the "Companies Act, 1897," and which had complied with the provisions of the "Power Companies' Relief Act, 1902," and was in the same position as if it had been specially incorporated as required by Part IV. of the "Water Clauses Consolidation Act, 1897," was granted a certificate dated the 26th day of June, 1903, approving the proposed undertaking of the Company and which was therein stated as follows:—

"The acquisition by purchase or under powers conferred by the 'Water Clauses Consolidation Act, 1897,' of two acres, more or less, of ground situated on the south side of Pine Creek at the foot of Pine Creek Falls, in the Atlin Lake Mining Division of the Cassiar District, which forms part of the mining ground leased to the Pine Creek Power Company, Limited, for the purpose of hydraulic workings. This piece of land is intended to be acquired as a site for the erection thereon of a power-house and the necessary buildings in connection therewith for the generation and distribution by electrical methods, for the operation of a bucket dredge capable of treating three thousand cubic yards daily, for lighting and any other purposes for which such power may be used under the provisions of Part IV. of the 'Water Clauses Consolidation Act, 1897.' The generality of any words in this clause are not to be limited by any words in the same clause or any other part of this certificate.

"For the purpose of the proposed works the Company has acquired from H. W. E. Canavan a record bearing date the 7th day of April, 1900, of one thousand inches of water, to be diverted from Pine Creek above Pine Creek Falls, and which is to be returned to the stream at the Falls."

And in such certificate it was stated that the Company proposed to begin their undertaking by acquiring title to the said site in manner aforesaid, and by commencing the erection thereon of the said power-house; and that the amount of the capital which would be duly subscribed before the Company commenced the construction of its undertaking and works, or exercised any of the powers of the "Water Clauses Consolidation Act, 1897," Part IV., in that behalf was thereby fixed at the sum of \$25,000, being the whole of the capital stock of the Company, and that the difference between the said sum and the amount required to complete the undertaking and works should be raised by the issue and sale of debentures of the Company, such difference being estimated at the sum of \$75,000; and finally, that the time within which the said undertaking and works were to be commenced was fixed at sixty days from the date thereof, and the time within which all the proposed undertaking should be in operation was fixed at six months from the date thereof;

And whereas the Company subsequently found it inadvisable, by reason of the fact that in the judgment of hydraulic expert engineers the location was not a suitable one for the erection of a power-house, to acquire the site for its power-house referred to in and contemplated by the aforesaid certificate, and on advice that such was within its power determined to and did erect the power-house on ground occupied by it under lease for mining purposes, and known as the "Flora Hydraulic Bench Lease," and situate on the north side of Pine Creek and at the foot of Pine Creek Falls, and has applied for the purchase from the Crown of a certain piece of ground comprising 20 acres or thereabouts, including therein the site of the said power-house, which application has been allowed subject to survey, and said power-house and other the works authorised by the aforesaid certificate are now in operation and have been since a date prior to the date fixed for completion by such certificate;

And whereas the Company has applied to the Lieutenant-Governor in Council for an amendment of its certificate so as to show the correct situation of its power-house, and also the district within which the operations of the Company are to be exercised, and also enlarging its powers, and has filed with the Clerk of the Executive Council the documents required by section 85 of the said Act, and a plan of the said locality:

THIS IS TO CERTIFY that the undertaking of the Company as submitted has been approved and that the same is as follows:—

(a.) The acquisition by purchase of 20 acres, more or less, of land described as commencing at a post marked "B. A. D. Co.'s south-west corner," about 500 feet north-easterly from the south-west corner of the "Flora Hydraulic Bench Lease," on the north side of Pine Creek, in the Atlin Lake Mining Division, Cassiar District; thence east 20 chains; thence north 10 chains; thence west 20 chains; and thence south 10 chains to the point of commencement, and which land is now occupied by the Company, and upon part of which, as shown by a plan filed with the Clerk of the Executive Council, the Company has erected a power-house, with plant consisting of two large Stillwell Bierce Turbine wheels and two Westinghouse type of dynamos, with transformers raising to 22,000 volts:

(b.) The acquisition, in addition to a record No. 33 already held by the Company for 1,000 inches of water, which is diverted from Pine Creek above Pine Creek Falls, and is returned to the stream below the Falls, of 5,000 additional miner's inches of water to be taken from Pine Creek at a point about 300 feet below what is known as the Old Junction Bridge across the said Creek, and to be diverted and conducted to the works of the Company by ditch, flume and pipe, and returned to Pine Creek at a point about one-half mile below Pine Creek Falls, and for a record of which the Company has made application:

(c.) The construction at or near the point of diversion of the aforesaid 5,000 inches of water of a reservoir for the purpose of settling the water before its entry into the raceway, and the enlargement of the Company's ditch and flume line:

(d.) The enlargement forthwith of the capacity of the power-house of the Company to utilise the water-power from Pine Creek and convert the same by means of water-wheels and generators into electricity, and such further enlargement from time to time of the said power-house or of the plant thereof as may be deemed necessary to increase the facilities of the Company in furnishing electrical power:

(e.) The operation of the Company's undertaking and works for the generation and distribution of power by electrical methods for mining, lighting and any other purposes whatsoever for which such power may be used under the provisions of Part IV. of the "Water Clauses Consolidation Act, 1897," within the district described as follows:—

Beginning at the intersection of Pearl Street with the shore line of Atlin Lake, in the Atlin Lake Mining Division of Cassiar District, Province of British Columbia; thence northward along the shores of the said Atlin Lake for a distance of  $6\frac{1}{2}$  miles, or thereabouts; thence on a straight line east 24 miles, more or less, crossing *en route* Surprise Lake; thence southward a distance of 23 miles, more or less, crossing Dixie Valley and the tributaries thereof; thence westward 20 miles, more or less, to the eastern shore of the said Atlin Lake; thence northward along the said lake to Pearl street, in Atlin, the place of beginning:

And this is further to certify that the Company propose to commence the works mentioned in paragraphs sub-sections (c) and (d) forthwith, and to complete the same twelve months from the date hereof, at an estimated cost of twenty-five thousand dollars, which sum shall be raised by the issue and sale of debentures of the Company before the said works are undertaken.

Dated this 27th day of July, 1905.

*Clerk, Executive Council.*

## LEGISLATIVE ASSEMBLY.

## PRIVATE BILLS.

## EXCERPT FROM RULES AND ORDERS RELATING TO PRIVATE BILLS.

## RULE 59.

ALL APPLICATIONS for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North America Act, 1867," whether for the erection of a Bridge, the making of a Railway, Tramway, Turnpike Road, or Telegraph or Telephone Line; the construction or improvement of a Harbour, Canal, Lock, Dam, Slide, or other like work; the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint Stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act,—shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such notice to be published as follows.—

In the BRITISH COLUMBIA GAZETTE, and in one news paper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, *together with the notices published.* At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and notices shall not have been so deposited in the hands of the Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a draw-bridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring  $10\frac{3}{4}$  inches by  $7\frac{1}{2}$  inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By new Rule 65A, passed on the 2nd April, 1901 (see Journals, 1901, page 58), a model form of Railway Bill is adopted.

By 65B all Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.

THE NORTHWEST TERRITORY

The Northwest Territory was the first organized territory of the United States. It was created by the Northwest Ordinance of 1787, which provided for a system of government that was based on the principles of the Declaration of Independence. The territory was to be governed by a council of three men, one of whom was to be chosen by the United States Congress. The council was to have the power to make laws, to appoint and remove judges, and to declare martial law. The territory was to be divided into counties, and each county was to have a court of common pleas. The territory was to be open to settlement by persons who were not citizens of any foreign state, prince, or potentate.
